Preparing Today's Students for Tomorrow's Opportunities
Audubon Charter School's mission is to foster a culturally rich and academically rigorous program using French and Montessori curricula and a comprehensive arts curriculum.

Audubon is proud to have high academic standards, a comprehensive arts education, and to celebrate the diversity of all children.

Audubon Charter School serves almost 800 students in Pre-Kindergarten through 8th grade at the school's two Uptown campuses. With its dual Montessori and French programs, Audubon Charter School offers an advanced learning environment driven by curricular design to draw highly motivated, high achieving students. Audubon continues to be a popular school choice for families who are searching for a high performing public school with a diverse student population and strong academics.

Member of
the American
Montessori
Society**

**The only
public elementary
school accredited
by the French
government to
teach the French
Curriculum**

Innovative Programs: Audubon Charter School is dedicated to the development of creative, constructive and disciplined learners. This objective is achieved by:

- best practices established in educational research, such as conceptualization through hands-on learning and academic study through a foreign language
- an arts based instructional focus, multi-culturalism, an effective literacy component, and developmental strategies in the teaching of mathematics
- Enrichment programs, including Talented in the Visual Arts, Theater, and Music.
- Extracurricular activities, including Athletics, Academic Games, Debate, Chess, and ArtsReach. Audubon's academic games team has placed both first and second at the National Academic Games competition. Additionally, Audubon's debate team recently placed in the National Middle School Debate Program Championship. We are also proud of Audubon's athletic teams, who have won numerous Metro Sports League championships.

Audubon Charter School is composed of highly trained faculty members, supportive parents and civic leaders. Join us!
