EINSTEIN STUDENT HONORED AS "SILENT HERO" FOR DONATION TO SCHOOL

Theron Yancy, a seventh- grade student at Einstein Charter School in New Orleans East, donated the proceeds from his photography works to Einstein through the "Kids In Focus" Photography Exhibit and Silent Auction. Theron's five photography works were displayed as part of the mayor's youth initiative program, which focuses on recognizing and reinforcing the photography interests of New Orleans students. The exhibit took place on August 21 at the New Orleans African American Museum and Theron was honored as an Einstein "Silent Hero" during the Einstein Opening School Program held on September 3.
