

Who we are

Success Preparatory Academy (SPA) is a Kindergarten through 3rd grade high performing “transformation” charter school that opened its doors in August 2009. Each year, we will grow by one grade, eventually serving over 500 students in grades Kindergarten through 8th grade. We are a team of results driven educators who offer a world class education to this great city’s children.

What we do

We serve some of the most at-risk children in the country, as our school has a student population of 97% free and reduced lunch rate. There is a dire need in New Orleans for high quality schools, which SPA aims to fill. We provide rigorous, data-driven instruction in language arts, math, science, and social studies and build the whole child by providing art, music, and physical education on a daily basis. Each of our students is required to complete a minimum of ten service learning hours each year and by the time they graduate from SPA they will have been on 15 college visits around the country.

Why you should join our team

SPA staff is composed of a highly dedicated team of committed, passionate, and critical thinking individuals who firmly believe that every one of our students will be going to college and we are looking for additional team members as we add 4th grade next year.

Our team of educators develops the next generation of leaders within our own school community and beyond by focusing on these three distinct strengths:

- **We focus on academics AND building cultural capital.** We have a rigorous focus on academic success in addition to constantly exposing our students to a larger world context that reinforce our school values of achievement, enthusiasm, respect, service, and teamwork along with the spirit of Ubuntu.
- **Our two school leaders offer double the support.** We are led by two experienced principals with proven results to leverage. They match our teachers’ efforts every step of the way. Their support will accelerate your professional development.
- **We are driven by results.** We bring a record of unwavering commitment to our students’ achievement. We do not fall into the trap of solely concentrating on inputs; rather, we will center our attention on student outputs.

Who we want

We are assembling a team of dynamic individuals with proven track records of success. We are currently accepting applications for an Academic Director, Special Education Coordinator, and Kindergarten-4th grade teachers.

If you are interested in embarking on the journey to develop college-bound students for leadership and lifelong learning, or if you simply want more information about Success Preparatory Academy, e-mail us at
